FOR IMMEDIATE RELEASE

Terminal Island Freeway (SR-103) Closures for Repaving Project

LONG BEACH — The California Department of Transportation (Caltrans) will temporarily close south and northbound lanes of State Route 103 (Terminal Island Freeway) from West Willow Street to North Henry Ford Avenue.

Detour signs will be posted. The following closures are weather permitted and subject to change:

Saturday, September 9

- 2 a.m. to 10 p.m. - Both lanes of northbound SR-103 from West Willow Street to north Henry Ford Avenue.
- 2 a.m. to 10 p.m. - Northbound SR-103 Anaheim/I Street and Pacific Coast Highway (State Route 1) on-ramps.

Sunday, September 10

- 2 a.m. to 10 p.m. - Both lanes of southbound SR-103 from West Willow Street to North Henry Ford Avenue.
- 2 a.m. to 10 p.m. - Southbound SR-103 Pacific Coast Highway and Anaheim Street on- and off-ramps.

These closures are part of \$1.1 million Caltrans pavement project. Caltrans will resurface the roadway with a slurry seal, which is a mixture of asphalt and additives. The seal helps preserve and protect the pavement structure, and provides a new, smoother surface.

Caltrans reminds drivers to “Be Work Zone Alert” and “Slow for the Cone Zone.”
